Itinerary:

Pick-up from your accommodation or meeting point before tour commences.

Leaving Kununurra via the Victoria Highway, we'll travel east past Mirima National Park and the sub-tropical savannah throughout the Matheson Ranges. Turning off at the Golden Gate we'll take a rugged little track into a natural spring for a dip amongst the screw palms and towering cliffs. Along the road into Lake Argyle we'll cross a number of creeks before stopping at the Lake Argyle Spillway for a swim and some birdwatching. You may even spot a freshwater croc hanging around.

After some refreshments we'll head 'off-road' along Spillway Creek and onto a special lookout offering a different view of the northern end of Lake Argyle. Next stop, Homestead Falls - if you're up for a short walk. It's spectacular when you catch it flowing. We can call in at Argyle Village to use the facilities and even have a swim in the 'Infinity Pool' before meandering slowly back to Kununurra, checking out some mini gorges and waterfalls along the way before dropping you off at your accommodation or meeting point.

* Visiting some sights and activities will depend on rainfall, waterfall activity & time of day.
